CONGRESS WATER.

A CARD.—TO SOUTHERNERS, DRINKERS OF CONgrees water.—We are reliably informed that mineral vaters
under the name of "Saratoga" water, and salts, under the
name of "Saratoga" salts, are extensively imposed upon the
public in the Southern and Southwestern States, where persons buying these articles desire and think they are purchisaing
"Congress" water, &c., whereas at Saratoga there are waters
of all kinds, from Congress down to ditch water; and the
articles imposed in this manner on the public are mostly artificial compounds, entirely worthess, and often dangerous to
persons desiring the effect of Congress water, the effect of
them being entirely different from that of the gensine Congress
water, frequently producing griping pains, vertigo, &c., sometimes resulting in serious permanent difficulties, by weakening the digestive powers and destroying the tone of the stomach
and howels, ofter rendering a mild case of dyseppsis incurable—
the effect being inno wise different from that produced by
saline calintries dissolved in ordinary water—while Congress
water produces neither griping or injurious effect in any case,
however debilitated the patient may be, it being tonic, as well
as curative. The Congress Spring, as is well known, is
the apring which during sixty-three years past has
built up the reputation of Saratoga, yet some have
confounded the name of the apring with that of the
place, thus affording the opportunity for awindlers to
foost worthless articles upon the public on the strength
of the reputation obtained by the Congress Spring in a long
series of years. The injury thus infleted upon the public and
ourselves is double, for on taking these spurious articles, and
finding either no effect or injurious effects from their use, they
in future refuse the genium Congress water, supposing that
they have already tried it. It is not a sufficient guaranthe of
ing genuineness that it is in bottles and boxes, bearing our
same, as the oid bottless and boxes are greedly bought up by
counte
